One man at a time

Meet Waj! Waj lives on a planet in another universe. Far, Far away.....

WAJ!

His parents visited earth and loved all that they saw. Their favorite place was the United States of America. They loved learning about the presidents and the rich history of the USA. They named their first son after the first three presidents.

1. George Washington
2. John Adams
3. Thomas Jefferson

Waj loves chocolate. His favorite candy treat is a large bag of **M&Ms**.

Waj is about to celebrate his 10th birthday(7/3/2000).
His parents have surprised him with a trip to earth!!
He will visit the USA! How exciting. He packs and
wears his favorite lucky baseball cap.

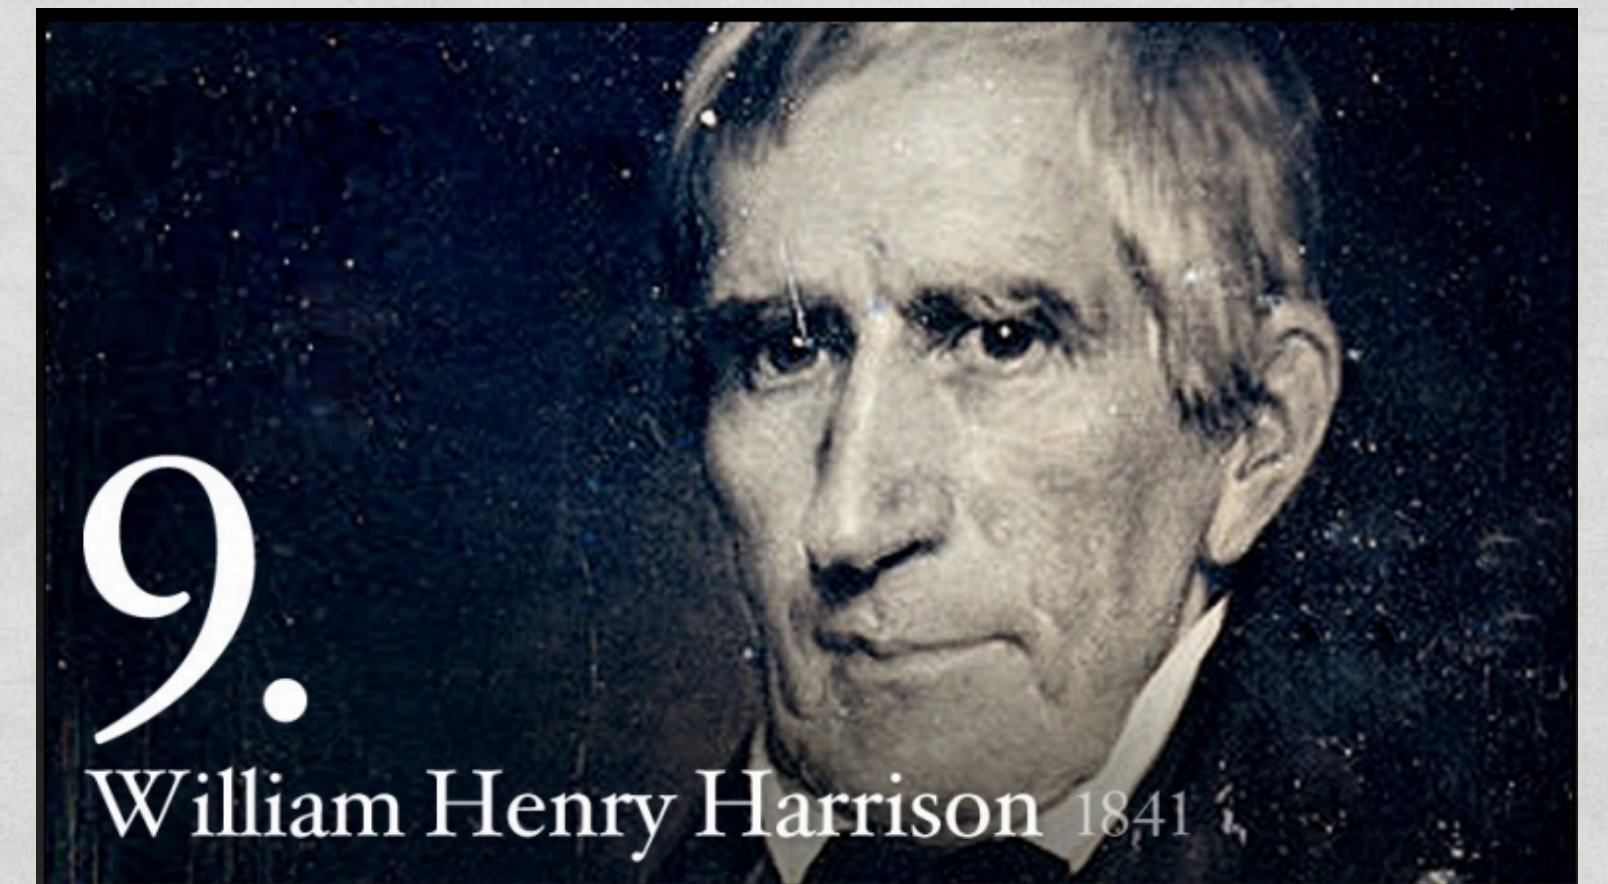

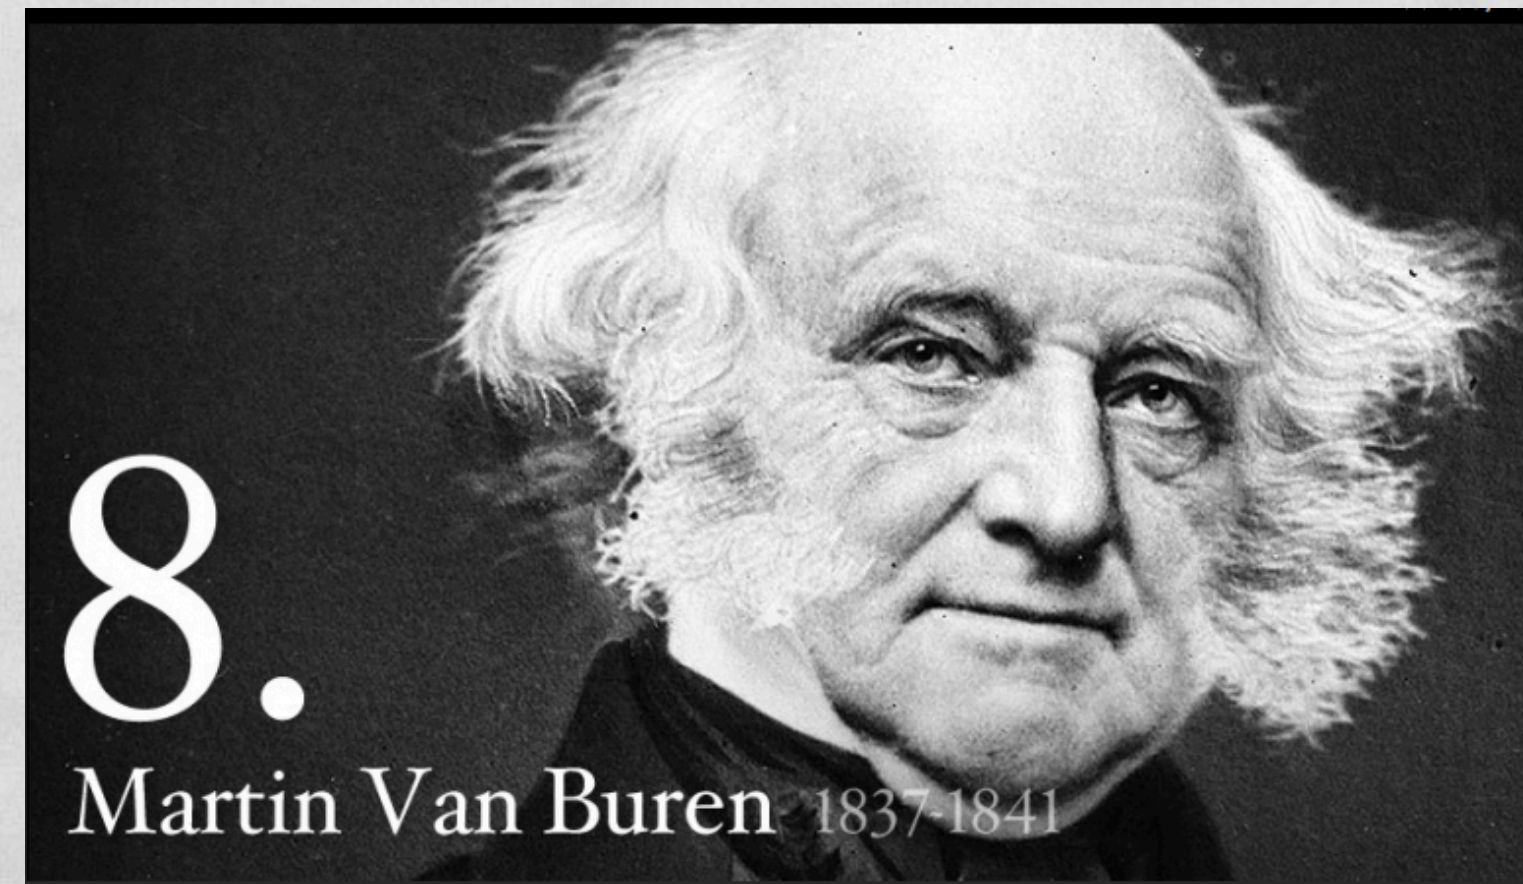

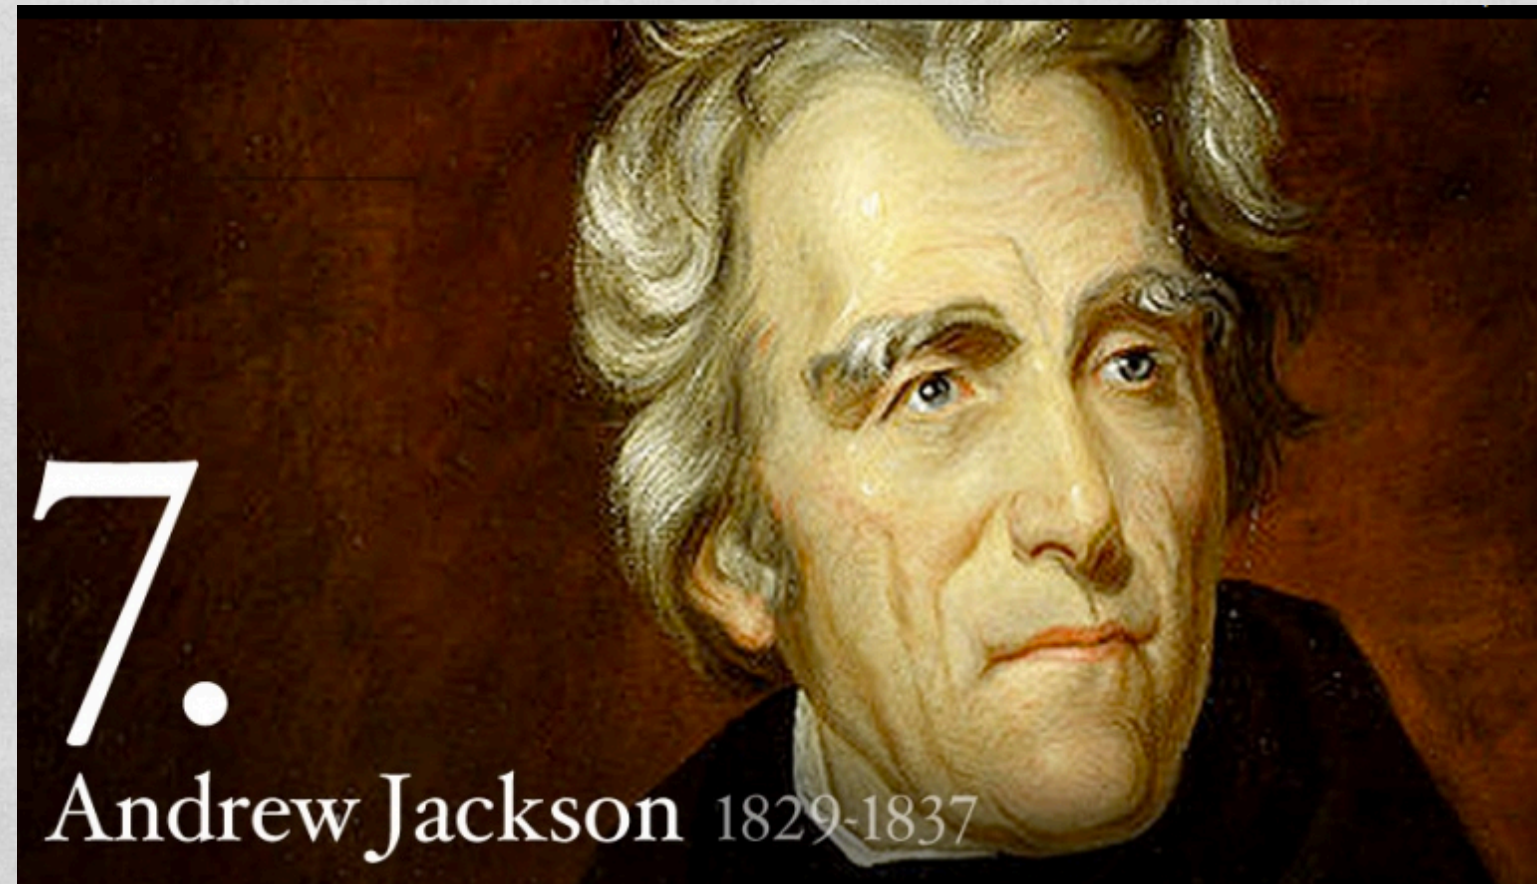

6. John Quincy Adams

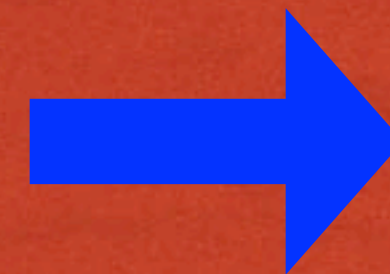

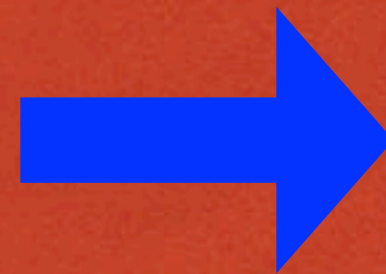

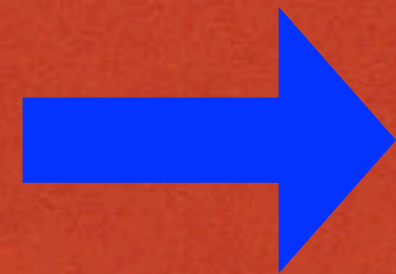

Waj finally arrives on Earth at the end of June and the first person he meets is Michael **Jackson** (Waj loves the Thriller video). Michael took Waj on a ride in his new **van**. Michael brought one of his sons along to get him a haircut since his **hair** had gotten so long.

7. Andrew **J**ackson
8. Martin **V**an Buren
9. William Henry **H**arrison

Michael Jackson's van has HUGE **tires** and crazy fans are trying to **poke** holes in the tires. Unfortunately the tire goes flat and there are no mechanics around. So they end up taking the tire to a **taylor (tailor)** to fix the tire. Once the hole is repaired they find a a special mechanic who will **fill** more air in the tire. He uses a special sealing ingredient so the tire can never be **pierced** again.
